

GRANDE ALBERONE BLACK BIO 0.75L VINO ROSSO D'ITALIA

Wine

Type	Organic Italian red wine
Growing region	Italy
Grape varieties	Primitivo, Negroamaro and Malvasia.
Characteristics	Intense ruby red colour. On the nose, aromas of raisin and red fruit with delicate scents of vanilla and chocolate. On the palate, it is full, harmonic and round with a persistent finish.
Winemaking	After the grapes have been harvested, a long maceration takes place in order to extract more colour, tannins and primary aromas. Once the maceration is over, the wine is separated from the lees and completes its fermentation in steel tanks at a temperature of 22-24 °C. A part of this wine is aged in barrique, enriching the wine with toasted and spicy notes.
Alcohol	14 %

Vineyard

Land	Medium textured - clay
Orientation and altitude	East – South-East, 200m a.s.l.
Planting system	Cordon and Guyot
Vineyard Plant Density	4500 grapevines/hectare

Recommend

Preservation	Keep in cool and dry place
Service temperature	16-18 °C
Glass	Bordeaux grand cru
Aging potential	18 - 24 month if store in right place
Best served with	It goes well with roast meat, stews and strong cheeses.
